

What to Bring When your Child Starts Preschool in September

1. **Emergency Kit** - In a Ziploc bag, please bring in:
 - a. a non-perishable comfort food/snack for your child
 - b. a family photo
 - c. a short letter to your child
2. **Change of Clothing** - In a large Ziploc bag, please bring in:
 - a. a shirt
 - b. a pair of pants/skirt
 - c. a pair of socks
 - d. a pair of underwear/pull-ups
3. **Inside Shoes** - These can be slippers or running shoes (preferable with Velcro instead of laces). Please insure they have a sturdy sole, in case of an emergency exit they *may* need to be worn outside
4. **Rubber Boots** - These are great for the wet weather, and are ideal for working in the sandbox (saves a lot of discomfort from sand in shoes!)
5. **Mud Pants** - These are great for keeping children warm and comfortable on those cold wet days, and are ideal for keeping pants/skirts from getting sandy when working in the sandbox. The type *without* lining is the best as they are easy for children to slip on and off
6. **Plastic Cup & Lunch Pail** - Please send a plastic cup to preschool for water at snack time. Try to send a cup that is wide and short to avoid tipping and spilling. Any sort of lunch pail will do to carry snack to and from preschool.
